NAME: BALOGUN ABDUL-LATEEF .O.
CLASS: SS 2
SCHOOL: KING'S COLLEGE, LAGOS
TITLE: RESTORING HOPE

The earth is worn, the earth is tired
Mother Earth cries out, for me and you
An urging call to man
To restore, not for us but for the future

"A single tree doesn't make a forest", says the Yoruba
Let's restore her, with love and care
Let's protect her, and let her rest
Let's be kind to her, and all she bears

Mother Earth, so gentle and kind
Nourishing life, green forest and her oceans wide
But now she's a shadow of her former self
Pollution, erosion, deforestation and much more
Ooh!!! Her beauty faded

Happy Married Life

Forest ^{Sob} ~~weeps~~, Ocean's wail, The land weeps
But still we can, make a change
Restore the balance and return
Mother Earth back to its glory

Let's restore hope, show we care,
Let's plant a tree, let's clean the air
Let's switch to greener energy
Let's clean our oceans
Let's heal the wound
Restore the gain

Not for us, but for generations yet to come
Let's leave a legacy, that won't die
Let's preserve the beauty of mother Earth
For a better ~~tomorrow~~ tomorrow, we will strive
Restoring hope
Together we will strive to thrive
And we will survive.
